Progress Update for 2016 Strategic Plan

February 2018
based on Staff Discussion
City of New Port Richey
Strategic Plan Objectives, Goals, and Measures

Progress Update for 2016 Strategic Plan, revised June 2017.

This Progress update was prepared at the direction of the City Manager, with input from City Staff.

In this update, we will assess the progress toward the Goals and Action Items set out initially in the 2016 Strategic Plan, and then revised by the Council in June 2017. We will do so in two ways:

1. An assessment of progress using a Green, Yellow, Red rubric.
   - The definitions of the color coding are as follows:
     - **Green** – Either completed, or on target for completion with no major challenges to completion.
     - **Yellow** – Some concerns regarding completing on target based on challenges, barriers, or outside influences. This color is also used to flag areas of concern for discussion with the Council.
     - **Red** – Stopped or not likely to be completed. Used in cases where there’s been a decision made to not move forward, or in cases where there are major challenges to completion that are not expected to be overcome.

2. Communicate highlights of progress since the last update (June 2017). Throughout the document, highlights and commentary added in this update are shown in *Italic print*.
2016 Strategic Plan

Revised June 2017
based on Council Direction and Staff Discussion

“Working Together to Build a Stronger Community”

| Continue Community Policing Improvements | Reduce crime and improve public perception of community | • Promote community – engaged based policing  
• Partner with County and State enforcement agencies as force multipliers to compel timely compliance with City ordinances  
• Increase anti-prostitution strategies  
• Address proliferation of drug activity in the community:  
  • Increase police presence downtown and in Sims Park during peak activity times  
  • Promote a “See Something, Say Something” culture throughout the community  
• Collaborate with provider agencies to reduce homeless population issues | • Reduction in key crime statistics;  
• Increased attendance at city events and observable increases in pedestrian traffic in the downtown area | • Anti-Prostitution  
  • Continue mailing informational/warning notices to registered vehicle owners when drivers of their vehicles are observed interacting with known prostitutes in areas known for prostitution and illegal drug activity;  
  • Continue collaborating with business owners to curtail prostitution by encouraging business owners and managers to report prostitution activity immediately  
  • Increase volume and type of prostitution suppression enforcement strategies.  
• Drug enforcement  
  • Increase volume and type of drug trafficking enforcement strategies (Surveillance Ops and Reverse Sting Ops  
  • Develop and use confidential informants  
  • Establish an investigative fund to pay informants for drug related information.  
  • Continue educational anti-drug programs presented in local schools and to community groups; e.g., homeowners’ associations, and so on.  
  • Expand use of police department’s website and social media to inform public on enforcement results and promote confidential Tip Line usage |

| Invest in Infrastructure       | • Make long term and sustainable investments in Roads  
• Maintain long term sustainability in Water, Storm, and Sewer systems  
• Continue development and maintenance of facilities, parks, and public lands.                                                                                     | • Continue to perform needs assessments and updates  
 Address deficiencies in alleys, streetlights and sidewalks: Underway, but implementation challenges exist.  
 Create an approach to assess development impacts on existing infrastructure  
 Consider the relocation of overhead utilities to underground when feasible. Cost prohibitive to consider at this time.  
 Move forward on Fire Station #1 Project                                                                 | • Sustainable programs  
• Reduced flooding  
• Adherence to regular maintenance schedule  
• Growth in capital infrastructure                                                                                                      | • Adopt a Pavement Management Plan.  
• Employ a proactive approach to the necessary upgrades in the water, stormwater, and sewer systems.  
• Complete the annexation study.  
• Seek grants to support a continued investment in the City’s parks and public lands.  
• Consider appropriate impact / mobility fee approach.  
• Complete Sidewalks, alleys portion of improvement plan.  
• Completed Water and Sewer improvements.                                                                                                                |
